PART A - NEWS

1. Research Office Weekly

The Research Office maintains a page of upcoming news and events for researchers at: www.monash.edu.au/research/contacts/research-office/weekly/thisweek.html

PART B - EVENTS

2. Research Office 'What's coming up?' web page

The Research Office maintains a page of upcoming news and events for researchers at www.monash.edu.au/resgrant/general/latestnews/index.html

PART C - FUNDING OPPORTUNITIES

3. Australian Academy of Science (AAS) Travelling Fellowships and Awards

The Academy is a private organisation of Australia's leading research scientists, elected for their personal contributions to science. The Academy invites applications and expressions of intent for support in these areas:

- Travelling fellowships for the exchange of scientific ideas, to increase public awareness of science and scientific issues and to carry out research;
- Research conferences that focus on rapidly developing fields of research; and
- Endangered vertebrate species for research aimed at the improvement and management of conditions necessary for the species' recovery.

Deadline for applications

Friday, 30 September 2005 with the Australian Academy of Science

4. ARC Federation Fellowships 2006

ARC Federation Fellowships are for outstanding internationally renowned researchers in any discipline, with leadership skills and experience in building research capacity, who propose ground-breaking research programs which are likely to deliver significant economic, environmental, social and cultural benefits to Australia.

Federation Fellows will receive a salary of \$A246,290 per annum (2005 dollars) plus 26 per cent on-costs. In addition to salary support, the ARC may provide some successful applicants with a start-up project grant of up to \$400,000.

Deadlines for applications

- ~~Research Office:~~ Thursday, 1 September 2005 (Draft applications)
- Research Office: Friday, 30 September 2005 (final applications)
- [ARC: Friday, 14 October 2005]

5. NHMRC Equipment Grant scheme 2005

The NHMRC has advised that a sum of \$789,836 has been allocated to Monash University as equipment grants for 2005. This amount has been calculated by allocating funds pro rata to the NHMRC health and medical research grants held by Monash University in 2005.

The following factors should be taken into consideration when making decisions on the equipment to be supported:

The equipment should support highest quality research health and medical research, as supported by the NHMRC (or other competitive grant support); Lack of access to similar equipment in the institution or region and; Collaborative gain through use of the equipment, e.g. - multi-user equipment which crosses disciplines, research groups and departments.

Note: If an item of equipment has been purchased in 2005, this Equipment Grant may be used as reimbursement for this purchase, but receipts must be provided. Final acquittal of funds is due by 30 June 2006 at NHMRC.

Deadline for applications

Monday, 24 October 2005 with the Faculty of Science office

6. ARC Linkage – Projects (Round 2/2005 for funding in 2006)

The objectives of the ARC Linkage Projects are to:

- encourage and develop long-term strategic research alliances between higher education institutions and industry in order to apply advanced knowledge to problems, or to provide opportunities to obtain national economic or social benefits;
- support collaborative research on issues of benefit to regional and rural communities;
- enhance the scale and focus of research in Designated National Research Priorities;
- foster opportunities for postdoctoral researchers to pursue internationally competitive research in collaboration with industry, targeting those who have demonstrated a clear commitment to high quality research;
- provide industry-oriented research training to prepare high-calibre postgraduate research students; and
- produce a national pool of world-class researchers to meet the needs of Australian industry.

The Designated National Research Priorities and associated Priority Goals are:

- An Environmentally Sustainable Australia;
- Promoting and Maintaining Good Health;
- Frontier Technologies for Building and Transforming Australian Industries; and
- Safeguarding Australia.

Funding Amount

Linkage Project grants may be awarded for 1 - 5 years, the normal duration being 3 years. The minimum grant size is \$20,000 per annum and the maximum is \$500,000 per annum. Proposals must contain an industry contribution, in cash and/or in kind.

PART D - AWARDS AND PRIZES

8. Monash Postgraduate Association (MPA) Supervisor of the Year

The MPA is now calling for submissions for the MPA Supervisor of the Year competition. To quote the MPA: "We know there are lots of fantastic supervisors out there, doing a great job guiding, encouraging and inspiring their research postgraduates. It's time we gave these academics the recognition they deserve!"

The faculty office strongly encourages nominations as Science supervisors have been underrepresented in this competition.

Deadline for nominations

Friday, 30 September 2005 with the MPA
