The Faculty of Science Linkage-Project Application Support (LPAS) scheme is aimed at assisting staff members in the preparation of applications for ARC Linkage – Projects and thereby increasing the number of applications and improving the success rate.

The Faculty Research Committee (FRC) will provide up to ten (10) grants of up to \$10,000 each year to support the process of preparing an application for an ARC Linkage-Project grant during the 12 months leading up to the submission date.

LPAS grants are to support applications for the following ARC rounds:

<b>ARC Linkage – Projects round</b>
Round 1/2010 for funding commencing in January 2011
Round 2/2010 for funding commencing in July 2011

Applications will be ranked by the Faculty Research Committee (FRC) according to their likelihood of success based on the information provided and the ARC selection criteria for Linkage-Projects. Funding will be provided in the form of 50 per cent of the awarded grant amount to be paid at the time of the award, with the balance to be paid only after submission of the complete ARC Linkage – Project application.

Recipients of LPAS awards must provide a complete copy of the ARC Linkage–Project application to the faculty office when it is submitted.
